Our 3Is @ CityUHK College of Business

The City University of Hong Kong (CityUHK) College of Business places importance on three foundational pillars, known as the 3 "I"s: Intelligence, Innovation, and Internationalisation. These core values underpin our educational philosophy and research mission, deeply embedded within our MBA programme. By embracing these principles, we cultivate forward-thinking business leaders equipped to thrive in the dynamic digital era.

INTELLIGENCE: ARTIFICIAL AND HUMAN

The programme integrates AI and technology-related coursework to equip students with the technical acumen to leverage technology effectively. Simultaneously, we emphasise the development of management skill sets in decision-making and strategic leadership.

INNOVATION: FOSTERING DISRUPTIVE THINKING

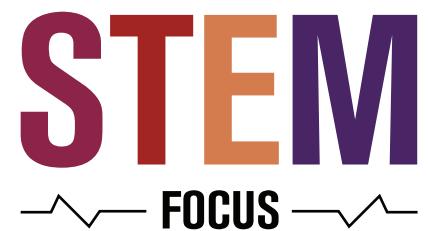

Through cutting-edge coursework, hands-on projects, and exposure to emerging technologies, we nurture an entrepreneurial mindset that empowers students to drive change.

INTERNATIONALISATION: EMBRACING GLOBAL PERSPECTIVES

In an increasingly interconnected world, internationalisation is vital for preparing leaders to operate across borders and cultures. The programme emphasises global immersion experiences. Students engage in global learning tours and multinational company visits.

STEM-Integrated Curriculum

Our MBA programme emphasises a quantitative and technical focus, equipping you with essential digital skills to thrive in today's data-driven business landscape.

- FinTech and Cryptocurrency
- AI and Blockchain Application in Business
- Applications of Advanced Derivatives and AI in Finance
- Practical FinTech Applications
- Hands-on AI

- Innovation and Interdisciplinary Discovery (Lectures from topics such as Law, Material Science, Computer Science, etc.)
- "The One" Project: an individual, year-long industry case project, complete with personal mentorship from the MBA Programme Director, culminating in a final strategic proposal.

CITYUHK MBA

1-Year Full-time Programme

The CityUHK MBA seamlessly bridges theoretical frameworks with practical business challenges, fostering interdisciplinary collaboration across fields such as finance, marketing, operations, data analytics, and technology. Learning with students from diverse industries and functional areas, they collaborate on learning experiences through case studies and real business projects. Students develop the ability to synthesise knowledge and apply it effectively in diverse business contexts. This holistic approach ensures graduates to accelerate their careers and enhance their leadership capabilities.

Embracing the 3 "I"s—Intelligence, Innovation, and Internationalisation—the CityUHK College of Business empowers its MBA students to become confident, adaptable, and globally minded leaders. Our commitment to these values ensures that graduates are not only prepared to navigate the complexities of today's interconnected global economy but also to shape its future.
